## **1. INTRODUCTION**

1.1 Webster's New Millennium™ Dictionary of English defines "Virement" as "a regulated transfer or re-allocation of money from one account to another, especially public funds."

1.2 A virement represents a flexible mechanism to effect budgetary amendments within a municipal financial year.

1.3 Changing circumstances and priorities during a financial period may give rise to a need to virement (transfer) funds within or between approved Votes, as defined in the Municipal Finance Management Act 56 of 2003 (MFMA). The treatment of such instances may, however, be dependent on whether an adjustments budget is required or not.

## **2. PURPOSE**

2.1 The Chief Financial Officer has a statutory duty to ensure that adequate policies and procedures are in place to ensure an effective system of financial control. A municipality's virement policy and its underlying administrative process within the system of delegations is one of these controls.

2.2 Section 81(1)(d) of the MFMA states inter alia that "The chief financial officer of a municipality-...must advise senior managers and other senior officials in the exercise of powers and duties assigned to them in terms of section 78 or delegated to them in terms of section 79;..."

2.3 It is the responsibility of each Executive Director of each Directorate to which funds are allocated, to plan and conduct assigned operations so as not to expend more funds than budgeted and to ensure that funds are utilised effectively and efficiently.

2.4 Section 78(1)(b) of the MFMA states inter alia that "Each senior manager of a municipality and each official of a municipality exercising financial

management responsibilities must take all reasonable steps within their respective areas of responsibility to ensure-...(b) that the financial and other resources of the municipality are utilised effectively, efficiently, economically and transparently;...”

2.5 This policy aims to provide guidelines to senior management in the use of virements as a mechanism in their day-to-day management of their budgets.

2.6 In addition it specifically aims to empower senior managers with an efficient financial – and budgetary system to ensure optimum service delivery within the current legislative framework of the MFMA and the Council system of delegations.

### 3.9 Virement

#### **4. MFMA REGULATION ON BUDGET VERSUS EXPENDITURE**

## **5. VIREMENT REQUIREMENTS**

5.1 The virement process represents the major mechanism to align and take corrective (financial / budgetary) action within a Directorate during a financial year.

5.2 In order for a “vote” (Directorate) to transfer funds from one cost element or capital project to another cost element or capital project, a saving has to be identified within the monetary limitations of the approved “giving” cost element or capital project allocations on the respective budgets.

5.3 Sufficient, (non-committed) budgetary provision should be available within the “giving” vote’s cost element or project concerned to give effect to the

budgetary transfer (virement). In addition, the transferring function must clearly indicate to which cost element or capital project the budget provision will be transferred to and provide a clear motivation for the transfer.

- 5.4 Any budgetary amendment of which the net impact will be a change to the total approved annual budget allocation and any other amendments not covered in this policy are to be considered for budgetary adoption via an adjustments budget (per MFMA Section 28).
- 5.5 In terms of Section 17 of the MFMA a municipality's budget is divided into an operating and capital budget and consequently no virements are permitted between Operating and Capital Budgets.
- 5.6 Virements are not permissible across, or between, votes.
- 5.7 Virements between Trading- and Rate-funded functions are not allowed, due to the differing impacts on respective tariff- or Rates-borne services' budgets, unless adopted via adjustment budgets (per MFMA Section 28).
- 5.8 Virements occurred as a result of changes to SCOA or SCOA implementation.

## **6. OPERATING BUDGET VIREMENTS**

- 6.1 Virements are not allowed to utilise special purpose budgetary allocations, adopted by Council as such and to which specific Council recommendations apply (e.g. budget strategy for growth in repairs and maintenance provisions) and which result from specific resolutions adopted when adopting the budget, as virement sources.
- 6.2 Sound motivations should be provided for all virements, as provided for on pro forma virement documentation.
- 6.3 Virements related to changes in SCOA or SCOA implementation are permitted.

## **7. CAPITAL BUDGET VIREMENTS**

- 7.1 Only virements which relate to projects approved as part of annual or adjustments budgets, will be permitted.

7.2 No virements of which the affect will be to add “new” projects onto the Capital Budget, will be allowed.

7.3 Virements may not cause an increase to individual projects’ total project cost.

7.4 Virements must be between projects of similar funding sources (e.g. EFF ↔ EFF).

7.5 Implementation of the project from which funds are viremented may not be prejudiced (i.e. must not hinder completion of the project).

7.6 Motivations for virements should clearly state the reason for the saving within the “giving” project, as well as the reason for the additional amount required.

7.7 Secondary Capital Cost Elements:

7.7.1 Virements are permissible only within the same cost elements of different projects.

7.7.2 The service requestor and service provider must endorse such virements.

7.7.3 Proposed secondary capital expenditure virements must be approved by the Director: Budgets.

7.8 Ward Allocations Projects:

7.8.1 Only virements between existing projects approved by Council, within the same subcouncil, and within the same directorate will be permitted.

7.8.2 Virements will only be considered if approved by the relevant subcouncil (subcouncil resolution) and supported by the project managers and finance managers of the projects involved (annexure D).

7.8.3 Motivations for virements between projects should clearly state the reason for the saving within the “giving” project, as well as the reason for the additional amount required.

## **8. PROCESS AND ACCOUNTABILITY**

8.1 Accountability to ensure that virement application forms are completed in accordance with Council’s virement policy and are not in conflict with the directorate’s strategic objectives manifests with the head of the relevant directorate.

8.2 Completed virement documentation is to be effected by the Director: Budgets.

8.3 Virements approved and processed will be reported for information to the Executive Mayor on a quarterly basis.
